## THE CULTURAL REVOLUTION BEGINS | IN SEARCH OF THE MESSIAH

*“And when Our clear messages are recited to them, those who disbelieve say of the Truth when it comes to them: This is clear enchantment. Nay, they say: He has forged it. Say: If I have forged*

*it, you control naught for me from Allah. He knows best what you utter concerning it. He is enough as a witness between me and you. And He is the Forgiving, the Merciful.” —Holy Qur'an, Surah 46 verses 7-8*

On the evening of March 26th, a few of my family members joined Mexican astronomer, Fernando Correa, the gentlemen who had accompanied Mexican journalist and UFO researcher, Jaime Maussan, invited by the Honorable Minister Louis Farrakhan to head the panel at the UFO symposium held at this year's Saviours' Day. One month later on the 26th of March we were gathered to a large meeting of Mexican Masons and their families on the Boy Scout

camping site in Tepoztlan, Mexico to view the night sky with laser equipment and telescope all set in place. We listened to a thought provoking discussion lead by the astronomer about our origin in the stars, which included the mapping of our DNA genetic code. It was as if the heaven had her covering removed so that we could see into the most ancient past of our universal origin.

During this period we have also witnessed great light (stars), pointing to notable persons, now deceased with the passing of time. Among the devastating events occurring on Mother Earth have been the unbelievable seismic activity producing mega earthquakes and tsunamis with nuclear debris

spraying forth harmful radiation into the atmosphere affecting the quality of our air, water and food supply. I thought deeply about these catastrophic events shaking our planet and what this means for us today. I thought about our Nation's sacred writings of Supreme Wisdom lessons into the Problem Book which speaks of the disasters in terms of precise mathematical and scientific prophesies unfolding in this present hour.

We are introduced to problems affecting man and mankind concerning the deterioration of our health conditions, the medical profession and the abusive use of drugs that is detonating populations around the globe. We come to see at the end of the health crisis affecting us in America the explosion of the atom and it's particles into ten million parts which lead to nuclear explosions and radiation that is affecting and contaminating our entire world. As I was in the process of preparing this article, I was able to hear the Honorable Minister Louis Farrakhan speaking at his Press Conference at Mosque Maryam in Chicago, Illinois. He highlighted some of the world's events with their devastating consequences which will increase in severity in this present hour in his prophetic voice and oracle of the end time in which we live.

Just prior to this year's Saviours' Day a few of our sisters were invited to attend a Health Conference in Hawaii. Traveling arrangements were made with our first arrival in Oahu the capitol island of Honolulu where we received the Aloha greeting of peace and happiness. This was indeed, a divine Gift and Blessing from Almighty God Allah, in this most perilous time. We were greeted at the airport by our dear Sister Jewel McDonald. She has lived on the island with a part of her family for nearly 40 years and has been a great servant of the people.

She was one of the founding members of the Afro-Hawaiian Organizations on the Island. She is an activist and organizer to this day functioning in primary events connected to NAACP and the Civil Rights Movement honoring Martin Luther King, Jr. memorials and parades. She has served as President of these organizations in the past. Approximately seventeen years ago she invited the Honorable Minister Louis Farrakhan to address the Island as the keynote speaker on Martin Luther King, Jr. Day.

The evening of our arrival we were also met by her Hawaiian sister and friend A.O. representing the Kingdom of Ku of the Indigenous Sovereign Movement on the Island. She is also an activist and media T.V. personality. She and her family along with her Sister Jewel attended one of our Saviours' Day Conventions approximately 10 years ago.

The next day we attended an afternoon and evening program with dinner and theater included which presented a breathtaking performance of the Polynesian Islanders. They performed on the theme of "HA", meaning the Breath of Life. The Island groups represented Tonga, Samoa, Fgi, Tahiti, the Marguesas Islands, the New Zealand Maoris with an exhibit of the huge stone statute on Easter Island and of course the Indigenous Hawaiians. We were well attended and glowed in the spirit of Aloha and Ho'oponopono, full of spiritual joy and happiness.

The next morning we were off to the Island of Maui where our Sister Jewel had called ahead of our arrival to her friend, Dr. Ayin and her companions to meet us at the airport and escort us to the hotel where the Health Conference was being held. We arrived in the evening of February 11th to an all inspiring environment of cliffs and ocean spray accompanied by a gentle rain that evening. Our hosts turned out to be more than just escorts. They were prepared to welcome us to the Island with the highest spiritual regard for our presence and what we represented to them and the Islander's as members of the Nation of Islam.

Dr. Ayin was originally from New York and had a spiritual vision of our coming and our visit to bless the Hawaiian Island and it's people. She made sure that in every hour we could squeeze into our intensive study program at the Health Retreat we would be her guest in taking us around the Island to view this spectacular land and seascape's which included secret groves and lava beds from the Island Volcano. On Sunday morning at 10 a.m. we were invited to address the Temple of Peace on the Island. This was an intensive and hurried meeting with the Hawaiian spiritual immigrants and Indigenous Inhabitants. This was a surprising circle of the most enthusiastic listeners who wanted us to return soon to help to awaken consciousness among their people living in Hawaii.

Some participants remembered Jose' Lloydine Arguelles when they lived in Maui where they first introduced their new findings of the Dreamspell Thirteen Moon Calendar based on Mayan mathematics and Astronomy. I was also present in that meeting in 1991. As I close this article, I wish to share an unusual experience that I had upon our return to the Health Conference. I felt a slight vibration or tremor in the area where I was seated. I called Sister Callie to the area and she too, felt this vibration and I begin to wonder if there may have been some seismic activity in the nearby area. I ask Dr. Ayin who was also attending the conference if she felt this motion and she replied in the affirmative. I knew that we were sitting in a region that was created by underwater volcanic eruptions that raised the present Hawaiian chain of Islands to their present geographical location.

Within a few days of our return to the mainland in Los Angeles California it was reported on the news that a new explosive chamber had erupted inside of the Kilauea Volcano located on the Big Island. The explosion created a lava ash flow producing a small circular path of visible fires on the site. One month later on March 11th came the devastating earthquake and tsunami and the toxic nuclear base radiating into our atmosphere. In our present journey only Allah can take us safely across the lake and circle of fire to the other side and we forever thank Him for keeping with us His appointed Helper, the Honorable Minister Louis Farrakhan who is being Guided by Divine Revelation coming from his Lord and his Christ the Honorable Elijah Muhammad.

*“Say: I am not the first of the messengers, and I know not what will be done with me or with you. I follow naught but that which is revealed to me, and I am but a plain warner. Say: See you if it is from Allah, and you disbelieve in it, and a witness from among the Children of Israel has borne witness of one like him, so he believed, while you are big with pride. Surely Allah guides not the iniquitous people.” —Holy Qur'an, Surah 46, verses 9-10*
